All Courses are courses that are part of the current semester or term. However, depending on access settings for a course, My Courses can also display courses that have not yet started or are unpublished. Courses that are available to you are listed in blue text [1]. These courses have been

published and include a link to the course. To open a course, click the name of the course. Courses that are within the current term dates but are not yet available are listed in black text [2]. These courses have not been published.

You can also view any nicknames you have created for cours-

es [3].

If a course includes a term date [4], the term date displays next to the course name. Each course includes your enrollment status [5]. Statuses can be student, teacher, TA, observer, designer, or a custom role as created by your institution.
