Alumni Association

Alumni of the University of Bridgeport reside in every state of the nation and in most countries around the world. Founded in 1931 with fewer than a dozen members, the Alumni Association has grown to include more than 35,000 members.

Alumni are always encouraged to visit the campus to attend events or just to indulge in nostalgia. An active and committed volunteer Board of Directors continues to manage the Association’s affairs, with a number of activities planned each year. From athletic events to regional receptions and celebrations of alumni achievements, the calendar is always full.

A university can only measure its success through the achievements of its alumni. The University of Bridgeport boasts a plethora of prominent graduates. They serve as corporate CEO’s and university presidents, automobile designers, commissioners of education, political leaders, television stars and prominent athletes. Their accomplishments reflect well on their alma mater, which in turn extends its gratitude.

We would like to hear from you. Please email us at alumni@bridgeport.edu or call us at 203-576-4133.
The Student Right-to-Know and Campus Security Acts
And Family Educational Rights and Privacy Act (FERPA)

The University is in compliance with the Student Right-to-Know Act of 1990 and Campus Awareness and Campus Security Acts of 1990. Reports, disclosures and other data are available in the University’s Student Handbook, the Key to U.B., the Campus Public Safety Office and/or other official University publications.

The University of Bridgeport Campus Public Safety Office keeps statistics concerning the occurrence on campus of certain criminal offenses, which were reported to them or to the local police. These statistics are published and distributed annually to the entire University of Bridgeport campus community, and to other interested parties.

For further information, contact the Director of Campus Security, Dean of Students, or the University Attorney.

FERPA

The University of Bridgeport has designated the following types of information as directory information which may be disclosed without consent: Student’s full name and alias, if applicable; address; University assigned email address; telephone listings; major field of study; degrees and awards received; dates of attendance; classification; participation in officially recognized sports or activities; weight and height of members of athletic teams; photographs; and enrollment status (undergraduate or graduate, full-time or part-time).

Parents or eligible students have the right to refuse to permit the University of Bridgeport to designate any or all of those types of information as directory information with respect to a particular student, thereby preventing its disclosure as directory information. Forms indicating the intent of the parents or eligible students to request information be withheld can be obtained in the Office of the Registrar, and must be submitted within the first five class days to be effective to avoid disclosure.

Notification of Rights Under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. Among these rights are:

1. Among these rights are to inspect and review the educational records within 45 days of the day the University receives the request for access. Students should submit to the Registrar a written request that identifies the record(s) they wish to inspect. The University Registrar will make arrangements for access and notify the student of the time and place where records may be inspected. If the Registrar does not maintain the records requested the Registrar will advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of their educational record that he/she believes is in accurate or misleading. Students should ask the University to amend the record that they believe is inaccurate or misleading. They should write the Registrar, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his/her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is:

- A person employed by the University in an administrative, supervisory, academic or research, or support staff position, including health or medical staff.

- A person elected to the Board of Trustees.

- A person or entity employed by or under contract to the University to perform a special task, such as security, building and grounds, information technology, food service, an attorney, auditor, collection agency or other outside vendor.

- A student serving on an official committee, such as a disciplinary or grievance committee, or who is assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official is:

- Performing a task that is specified in his or her position description or contract agreement, or is customarily performed by such person at the university.

- Performing a task related to a student’s education.

- Performing a task related to the discipline of a student.

- Providing a service or benefit relating to the student or student’s family, such as health care, counseling, job placement or financial aid.

- Maintaining the safety and security of the campus.

Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

The Dean of Students or designee has the authority to notify parents or guardians when dependent students under the age of 21 are found to be in violation of the University alcohol and/or drug policies for: 1) possession of a keg or large volume, 2) dispensing alcohol to a minor, 3) possession or distribution of controlled substances, 4) under age possession or open container in a public space for a second time, or in cases where a student is subject to residence hall separation, suspension, expulsion or required emergency medical care because the student became ill from the consumption of alcohol and/or drugs. The notification is permissive and at the discretion of the university. The notification of parents or guardians is indicated when: 1) the viola-
The Student Right-to-Know and Campus Security Acts And Family Educational Rights and Privacy Act (FERPA)

tion involved harm or threat of harm to persons or property, or 2) the violation involved an arrest in which the student was taken into custody.

Nothing in these guidelines shall prevent university officials from notifying parents or guardians of a health or safety emergency, or when a student, under the age of 21 is found to have violated university policy with respect to the use and/or consumption of alcohol or drugs. Whenever possible, students will be informed that parental notification is planned in advance of their parents receiving the notice. The notification of parents is simply an act of notice and is not subject to appeal.

The Dean of Students or designee may disclose the name and a summary of the information regarding the final outcome of a hearing if the student is found to have committed an act of violence.

Students may file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:
