Online COURSE SYLLABUS

Please read the following course syllabus carefully, especially the course dates, times and location. If you have any questions, please do not hesitate to communicate with the IDEAL Program office, your academic advisor, or the instructor.

The IDEAL degree-completion program is designed with the adult learner in mind. Adult learners approach learning with specific goals, want to be able to directly apply new learning to their work and personal lives, and tend to learn best when the coursework is problem-centered so that they are actively engaged in the learning process. In addition, adults bring rich and varied experience to the classroom, which becomes a valuable learning resource for other students.

The IDEAL Program assumes joint responsibility in the learning process. The activities and assignments in the courses build on the shared experience of all learners in each class. This is why each student’s preparation, participation and interaction in class activities and discussions are critical to the success of each course. The accelerated format of each course requires a significant amount of your time outside the course to prepare for and complete the course assignments. This varies between students and courses; however, students typically spend nine-twelve hours per week on course material.

To participate in the IDEAL Program, it is expected that you will do the following:
1. Participate in and complete the online orientation prior to your first online course.
2. Obtain the required course materials prior to the course start date.
3. Login and participate in your course a minimum of three times per week.
4. Complete all assignments to the best of your ability.
5. Participate in the class discussions and demonstrate respect and consideration to the instructor and other students when they express themselves in discussion.
6. If you have any technical difficulties, you must contact the Office of Distance Education immediately at ubonline@bridgeport.edu.

If you cannot perform these six expectations, it is recommended that you drop the course. We look forward to your academic success in each course and the ultimate completion of your degree.

**Course Description:** (from the UB catalog)
“The Capstone Seminar is the culmination of learning in the Core Curriculum. As such, it reflectively builds upon learning from the various liberal arts. The course is conducted as a seminar and thus requires substantial reading and informed participation. All students write an original essay that integrates themes raised in course readings and discussions.”

**Outcomes:**
To expand comprehension through a series of challenging and interrelated texts and materials. To improve the understanding of, and potential for, creative verbal and written expression as the scholarly capstone of undergraduate experience.

**Course Theme:**
The Theme of this Capstone Seminar is: “A Meaningful Life”

**Orientation to how we will be thinking about “A Meaningful Life”**

In our Course we will juxtapose our materials by the thinking about them in groups of two, as follows:
- *Radio Days*; and, *The Philosophy of Andy Warhol*;
- *THX 1138*; and, *You Are Not a Gadget*;
- *What I Saw*; and, *What’s Going On*

… while enjoying and discussing the DVDs, Books, an CD for two weeks each.

There is a relationship between all of the materials under our overall Course Theme of “A Meaningful Life” and the groupings of two throughout our Course helps us focus on aspects of particular meaning(s) of life as understood from the perspective of each film maker, author, or musical artist.

Here are some brief examples:

**“Radio Days”; and, “Warhol”**
In *Radio Days* the story is of a close-knit family and the impact the radio has on them. In *Warhol*, we encounter a writer who seems to be removed from the context we experience in *Radio Days* and is a solitary figure observing life from a distance. By comparing and contrasting we are able to think about the elements of *A Meaningful Life* in either context.
“THX 1138”; and, “You Are Not a Gadget”
Both the movie (THX 1138) and the book (Your Are Not a Gadget) describe the reality of an “always-on” technology. We are led to wonder how we define our identity now and how is use of technology affecting our behavior? How is our willingness to share personal information altering our sense or our Self and of that of others? Is our “expectation of immediacy” impacting our understanding of knowledge (as opposed to “information”) and our respect for others? For example, we can find what we think is an answer to anything on Google; we expect someone to reply to our texts or e-mail immediately, if not sooner.
Is personal technology so pervasive now that it actually inhabits our Self and thereby changes our concept of A Meaningful Life? We can’t seem to be without it or do without it. It is as if it has become a physical appendage to our bodies, and our Self. How do we understand what is happening to us and how do we describe what we have become as we try to understand how to lead A Meaningful Life?

Both the book (What I Saw) and the CD (What’s Going On) deal with impressions and memories, from many decades ago.
How did we remember events now and did the quality, and even type, of our memories differ before personal technology and the Internet?
Has our continuous “screen-gazing” (my term), and the constant use we make of personal technology, changed the way we remember and what we remember? Do we remember any of the text messages or any of the e-mail we read and send all day long, each and every day without let up? How does this continuous, texting, e-mailing, and posting (e.g., on Facebook) affect our ability to remember anything?
How do all these activities impact our ability to have A Meaningful Life?
The book and the CD re-introduce us to the atmosphere of pre-digital times, to some extent the best place to contemplate what we have become.
Reading/Viewing/Listening List (ALL REQUIRED):

1. **Radio Days**, written and directed by Woody Allen
   (DVD; classic cinema)
   http://www.amazon.com

2. **The Philosophy of Andy Warhol**, by Andy Warhol (book)

3. **THX 1138**, director: George Lukas

   http://www.amazon.com

   http://www.amazon.com

6. **What’s Going On**  Marvin Gaye
   (CD; a music classic)
   http://www.amazon.com

Note on Books and DVDs and CD selections:

As you can see from the Reading/Viewing/Listening list, we are using an interdisciplinary approach to the many aspects of our Theme; therefore, we’ll arrive at an understanding of A Meaningful Life through an interdisciplinary multi-media approach using classic cinema, books, and a CD.

The Thesis (point of view) of the Paper:

- This Paper should represent a critical defense of a point of view based on the chosen work and outside research.

ACADEMIC POLICIES

Attendance Policy
Course attendance via online participation is an integral part of the online academic experience; therefore, students are expected to be participative in all course activities and discussions. If an absence is unavoidable, the student should communicate with the instructor. Arrangements should be made at that time for submission of any missed assignments.

IMPORTANT:
- An absence (lack of participation) in any week of the course, will drop the final grade by one letter grade (for example if a student earns a grade of “B” in the course, the final grade would be a “C”).
- An absence of two or more weeks will be cause for a failing grade.

Drop Procedures
To drop a course, you must complete and submit a Schedule Change Request Form. The form can be accessed at the IDEAL Course Schedule webpage: http://www.bridgeport.edu/academics/continuinged/ideal-academic-degree-programs-and-certificates/ideal-course-schedule/.

Please print and complete the form and fax the form to the IDEAL Office: 203-576-4537. Prior to dropping a course, the student should contact their IDEAL Academic Advisor to understand the implications to financial aid and/or degree plan progress.

Please review the drop fees and tuition refunds at the Academic Calendar; accessed at the IDEAL Course Schedule webpage (same link above).

Cell Phones
Cell phones must be turned off (or placed on “vibrate”) while in the classroom. A cell phone call is disruptive and disrespectful to the other students in the class.

Academic Dishonesty
The IDEAL program prohibits all forms of academic dishonesty. Academic dishonesty is normally defined as, but not limited to, the following two categories:

Cheating – Using inappropriate sources of information in an assignment or on a test. The following are examples of cheating taken from real student experiences:

Case #1: A student is enrolled in an introductory psychology course. He has co-workers who have taken the same course. As the end of the course approaches, he wonders how he will find the time to get the research paper finished, and asks one of his co-workers for help. His co-worker hands him a research paper that he submitted in a similar course. The student makes minor modifications to the paper, and submits it under his own name.
Case #2: A student enrolled in a humanities course is unsure about how to structure an essay. She is doing research on the World Wide Web, and comes across an essay written by a student from another university. Using her computer mouse, she copies and pastes the essay into her word processor. She goes to great lengths to re-word the paper in her own style, but essentially leaves the content and organization the same.

Plagiarism – Intentional as well as unintentional failure to acknowledge sources as well as the use of commercially available so-called “research papers” without full recognition of the source. Presenting as one’s own, the ideas, words, or products of another. The following are examples of plagiarism taken from real student experiences:

Case #3: A student is conducting research for a Civil War research paper. He has reviewed work on the Internet. Finding helpful information, he has summarized his findings without citing his sources. He believes that minor paraphrasing is all that is necessary.

Case #4: A student is writing a paper that requires her to address specific topics and problems in the assigned course textbook. She takes the information directly from the textbook with slight modification, without giving any citation. She thinks that since it is the course textbook, she doesn’t have to use quotations or citations.

Academic dishonesty applies to all courses, assignments or exams completed by students and submitted as their own original work, whether in person or by electronic means. The University does not tolerate cheating in any form. It is a serious breach of conduct with serious consequences. Instructors have the right to determine the appropriate penalty for academic dishonesty in their own courses; generally, however, such acts will result in a failing grade for the assignment and/or the course. The penalty for subsequent acts of academic dishonesty may include expulsion.

More information on how to recognize plagiarism can be found at this site: http://www.indiana.edu/~istd/plagiarism_test.html

Ethics Statement of Confidentiality
An integral component of an IDEAL course is student and faculty expression of personal experiences for the purpose of facilitating coursework. Students enrolled in the program are expected to honor confidentiality as it pertains to student disclosure. Shared information, comments, or opinions expressed by another student or the faculty member during the course of classroom discussion should never be used in a manner which is intended to humiliate, embarrass, harass, damage, or otherwise injure other students in their personal, public, or business lives. In addition, confidentiality must be upheld by not disclosing any information that would identify any particular individual.
