COURSE SYLLABUS

Please read the following course syllabus carefully, especially the course dates, times and location. If you have any questions, please do not hesitate to communicate with the IDEAL Program office, your academic advisor, or the instructor.

The IDEAL degree-completion program is designed with the adult learner in mind. Adult learners approach learning with specific goals, want to be able to directly apply new learning to their work and personal lives, and tend to learn best when the coursework is problem-centered so that they are actively engaged in the learning process. In addition, adults bring rich and varied experience to the classroom, which becomes a valuable learning resource for other students.

The IDEAL Program assumes joint responsibility in the learning process. The activities and assignments in the courses build on the shared experience of all learners in each class. This is why each student’s preparation, participation and interaction in class activities and discussions are critical to the success of each course. The accelerated format of each course requires a significant amount your time outside the course to prepare for and complete the course assignments. This varies between students and courses; however, students typically spend nine-twelve hours per week on course material.

To participate in the IDEAL Program, it is expected that you will do the following:

1. Participate in and complete the online orientation prior to your first online course.
2. Obtain the required course materials prior to the course start date.
3. Login and participate in your course a minimum of three times per week.
4. Complete all assignments to the best of your ability.
5. Participate in the class discussions and demonstrate respect and consideration to the instructor and other students when they express themselves in discussion.
6. If you have any technical difficulties, you must contact the Office of Distance Education immediately at ubonline@bridgeport.edu.

If you cannot perform these six expectations, it is recommended that you drop the course. We look forward to your academic success in each course and the ultimate completion of your degree.
Course No. & Title: MGMT 350 DL2, Business Policy and Strategy
Semester and Term: SPRING 2015
Day and Dates: online March 9 – May 2, 2015
Campus Location: Distant Learning

Course Description:
A study of decision-making including integrating analyses and policy determination at the overall management level. Students search for new knowledge and solutions to long and short term problems and opportunities in specific businesses. The coordination, integration and innovative application of theory and methods learned in previous courses are the tools of research. Accordingly, the final examination of each course shall constitute, therefore, an outcome assessment of what the student has learned in the program. This examination, normally an extensive and comprehensive case study, will be graded by several faculty members representing different and relevant disciplines.
Prerequisite Courses: MGMT 301 and 302 and Senior Status
Course Code: BC, BUS (Seniors Only)

Outline for Weekly Case Studies
Business Policy and Management 350

And

Final Project

Case Studies:
The purpose of using case studies of is to provide real world/actual business examples of how an organization handles itself with respect to their vision/mission and overall business strategy(s).

Reading a case study is not like reading a novel. There may not be a beginning, middle or end to the ‘story’, it may be unfolding as you read the case and situations may have changed since this case was written, so there is a lot of information you need to be aware of as you read and analyze each case.

What follows is an outline you should refer to when reading each case. You should use outline when you are reading and make notes as you go along, so when you get to the end you will have information that will help you write your analysis.

As a starting point, you should be able to answer these two questions:

1. What is/are the major issue(s) or opportunities facing the company/organization?
2. What is the company/organization trying to accomplish and how?

It is important for you to know and understand what the goal of the organization is….what they want to accomplish. As you read, you should be able to identify their organizational strategy, i.e. how are their using their core competencies to achieve their goal?

Below are examples of core competencies:
A. **Tangible Resources**
   1. Financial Resources
   2. Physical Resources
   3. Human Resources
   4. Organizational Resources

B. **Intangible Resources**
   1. Technological Resources
   2. Resources for Innovation
   3. Reputation

C. **Value Chain**
   1. Inbound Logistics
   2. Operations
   3. Outbound Logistics
   4. Marketing & Sales
   5. Services

**Note:** not every organization will have all of these competencies, but you should be able to identify what the company does better than their competitors.

Information you should be able to identify, again, not all areas apply to every case study or the company you may be working on.

I. **The General External Environment**

   A. Demographic, what are the consumer trends and behaviors?
   B. Economic, what are the economic/financial trends that may impact the organization?
   C. Political/Legal, how do these impact the organizations ability to conduct business?
   D. Socio-cultural, what are the current social trends and their impact?
   E. Technological, how is technology being used and its impact?
   F. Global, what is happening globally?

II. **Industry Analysis (Porter’s Five Forces)**

   A. Can you identify the Barriers to Entry [High or Low?]
   B. What is the Bargaining Power of Suppliers [High or Low?]
   C. What is the Bargaining Power of Buyers [High or Low?]
   D. Are there Threat of Substitute Products [High or Low?]
   E. Can you identify the Intensity of Rivalry among Competitors [High or Low?]

III Firm’s Strategies
IV. Competitive Advantage Factors

A: What makes this company different than their competitors? Also, is it Sustainable? (This is you opinion based on all of the above facts that will support your opinion)

V. SWOT Analysis (Strengths, Weaknesses, Opportunities, Threats)

SWOT Analysis is an effective method of identifying an individual’s, group’s, firm’s, or industry’s Strengths, Weaknesses, Opportunities and Threats. Carrying out an analysis using the SWOT framework is often enough to reveal changes needed to be made.

Generally, Strengths and Weaknesses are firm specific and Opportunities and Threats are related to the industry and general environment. Carrying out this analysis is often illuminating – both in terms of pointing out what needs to be done, and in putting problems into perspective.

SWOT ANALYSIS MATTIX

Note: you do not need to do a SWOT for each case, but it would be helpful if you could identify these factors

VI. Recommended Strategy/Actions

Based on your reading what would you recommend the company do? You should be able to support your recommendations.

VII. Lessons Learned

Identify the lessons that you learned by analyzing the case.

FINAL PROJECT
Due on or before May 2, 2015

Select ONE company/organization. It can be an organization you are familiar with or have followed. It should not be the company you work for. Using the above guideline/format present an analysis of the business…not a summary of what the company does, but an analysis of the business strategies (using the format above and using examples in the case studies)

This purpose of this assignment is to have you focus on:
the strategic direction of the organization
and the planning and management of a company/organization (profit or non profit).

As you prepare this paper, use this guideline to direct your thinking and analysis of this company/organization. Your final analysis should include, but not be limited to
- what is going on in the specific industry and markets the company operates in,
- focus on some of the issues and barriers this organization has to deal with
- identify what the company’s core competency is and how they leverage this competency in the marketplace

You will need to do research and it should not be limited to only the Internet, but should contain references from professional journals, newspapers and periodicals (e.g. Business Week, Forbes, NY Times, Wall Street Journal, and others) Library references should be used for Dunn & Bradstreet Industry, Standard & Poor’s Industry Structure

During the last week of the course (April 26) you need to post in the Discussion a brief summary of your project (so others in the class can learn from your research).

Paper should be at minimum of 6-8 pages, typed…double spaced

This assignment accounts for 40% of your final grade

ACADEMIC POLICIES

Attendance Policy
Course attendance via online participation is an integral part of the online academic experience; therefore, students are expected to be participative in all course activities and discussions. If an absence is unavoidable, the student should communicate with the instructor. Arrangements should be made at that time for submission of any missed assignments.

IMPORTANT:
- An absence (lack of participation) in any week of the course, will drop the final grade by one letter grade (for example if a student earns a grade of “B” in the course, the final grade would be a “C”).
- An absence of two or more weeks will be cause for a failing grade.

Drop Procedures
To drop a course, you must complete and submit a Schedule Change Request Form. The form can be accessed at the IDEAL Course Schedule webpage:

Please print and complete the form and fax the form to the IDEAL Office: 203-576-4537. Prior to dropping a course, the student should contact their IDEAL Academic Advisor to understand the implications to financial aid and/or degree plan progress.

Please review the drop fees and tuition refunds at the Academic Calendar; accessed at the IDEAL Course Schedule webpage (same link above).

Cell Phones
Cell phones must be turned off (or placed on “vibrate”) while in the classroom. A cell phone call is disruptive and disrespectful to the other students in the class.

Academic Dishonesty
The IDEAL program prohibits all forms of academic dishonesty. Academic dishonesty is normally defined as, but not limited to, the following two categories:

Cheating – Using inappropriate sources of information in an assignment or on a test. The following are examples of cheating taken from real student experiences:

Case #1: A student is enrolled in an introductory psychology course. He has co-workers who have taken the same course. As the end of the course approaches, he wonders how he will find the time to get the research paper finished, and asks one of his co-workers for help. His co-worker hands him a research paper that he submitted in a similar course. The student makes minor modifications to the paper, and submits it under his own name.

Case #2: A student enrolled in a humanities course is unsure about how to structure an essay. She is doing research on the World Wide Web, and comes across an essay written by a student from another university. Using her computer mouse, she copies and pastes the essay into her word processor. She goes to great lengths to re-word the paper in her own style, but essentially leaves the content and organization the same.
Plagiarism – Intentional as well as unintentional failure to acknowledge sources as well as the use of commercially available so-called “research papers” without full recognition of the source. Presenting as one’s own, the ideas, words, or products of another. The following are examples of plagiarism taken from real student experiences:

Case #3: A student is conducting research for a Civil War research paper. He has reviewed work on the Internet. Finding helpful information, he has summarized his findings without citing his sources. He believes that minor paraphrasing is all that is necessary.

Case #4: A student is writing a paper that requires her to address specific topics and problems in the assigned course textbook. She takes the information directly from the textbook with slight modification, without giving any citation. She thinks that since it is the course textbook, she doesn’t have to use quotations or citations.

Academic dishonesty applies to all courses, assignments or exams completed by students and submitted as their own original work, whether in person or by electronic means. The University does not tolerate cheating in any form. It is a serious breach of conduct with serious consequences. Instructors have the right to determine the appropriate penalty for academic dishonesty in their own courses; generally, however, such acts will result in a failing grade for the assignment and/or the course. The penalty for subsequent acts of academic dishonesty may include expulsion.

More information on how to recognize plagiarism can be found at this site: http://www.indiana.edu/~istd/plagiarism_test.html

Ethics Statement of Confidentiality
An integral component of an IDEAL course is student and faculty expression of personal experiences for the purpose of facilitating coursework. Students enrolled in the program are expected to honor confidentiality as it pertains to student disclosure. Shared information, comments, or opinions expressed by another student or the faculty member during the course of classroom discussion should never be used in a manner which is intended to humiliate, embarrass, harass, damage, or otherwise injure other students in their personal, public, or business lives. In addition, confidentiality must be upheld by not disclosing any information that would identify any particular individual.

ACADEMIC RESOURCE CENTER

The Academic Resource Center is available for IDEAL students seeking help in their studies. The Center is staffed by writing professionals and peer tutors. More information can be found at: http://www.bridgeport.edu/pages/2209.asp The Center is located on the 5th Floor of the Wahlstrom Library. Make an appointment or walk-in: Telephone: 203-576-4290. Online Tutoring is available at: www.etutoring.org. To use this free service you must have a UBNet account.

Obtaining a UBNet Account
Every registered student should obtain a UBNet Account. The account allows you to access MyUB; the portal for grades, library services, Canvas online learning system. Also, the account allows you access to computers in the Library and computer labs, and provides an email
account in which the University sends out information. Go to: http://www.bridgeport.edu/ubnet - Click on “New UBNet Account” and follow the instructions.

The @bridgeport.edu email address is the official email the University uses to send information to you. You can have your bridgeport.edu email forwarded to any other private email account you use. Following the activation of your UBNet account (takes 24 hours), login at: http://www.bridgeport.edu/email and click on “forwards” at the top of the page. Follow the directions to forward email messages to your other account.

Learning Management System (LMS) - Canvas
For all courses that use Canvas, you can access Canvas through the portal by using the myUB link. Faculty post class documents on Canvas e.g. syllabus, power points, discussion questions, case studies, current event articles, papers, reports etc. (save some trees). All students have access, and can download and copy the documents.

Canvas Tutorial For Students: https://bridgeport.instructure.com/courses/985903
For assistance contact the UB Help Desk at 203-576-4606 or email helpdesk@bridgeport.edu https://bridgeport.instructure.com/courses/829447/

Accessing Your Grades & Schedule Online
The WebAdvisor online information system allows students to search for available classes, check grades, view semester class schedule and verify your personal profile. Grades are generally posted 2-3 weeks following the end of a course. To access WebAdvisor, login in to MyUB and follow the WebAdvisor menu on the right. If you are carrying a financial balance, access to WebAdvisor will be restricted.

Using the Library
Access to the Digital Library is through MyUB. On the MyUB home, in the central column, click on “myEureka Digital Library.” Research tools available:

- Search for books held at the library.
- Search the online databases for your academic field; business, counseling, human services, psychology, etc.
- Send questions to the Reference Librarian for assistance in research topics and searching strategy.

Using Computers
Open access computer labs are available at three locations:

- Bridgeport – 1st floor of the Wahlstrom library. Check library hours of operation at: http://www.bridgeport.edu/library.
- Stamford – Room D; Check open hours at: http://www.bridgeport.edu/stamford
- Waterbury – Computer Lab; Check open hours at: http://www.bridgeport.edu/waterbury
Course Cancellations
Any emergency necessitating the canceling of courses will be announced by the University through the Emergency Notification Telephone Line, (203) 576-4159. Please call this number for information on course cancellations. Also, information will be posted under “Latest News” on the UB home page, (www.bridgeport.edu). Canceled classes will be made up either the week following the end of the course or in consultation between the instructor and the students as to day and time availability. Course cancellations are also announced on television and radio stations.
