

UNIVERSITY OF BRIDGEPORT

# LOVE Story

We met our sophomore year in the Student Center Board of Directors, where we both volunteered for student activities: concerts like REM, Billy Idol, Cyndi Lauper and mixers like the Beach Party and semi-formals like the Winter Prelude. We started dating in 1985 and were married in 1993, and have two wonderful children, Chase and Ava. I made good use of my Marketing degree working in Consumer-Packaged Goods, while Karen capitalized on her degree in Mass Communications working for various publications like the Village Voice, Gannett Newspapers, and E: The Environmental Magazine. We still love entertaining and put our SCBOD skills to use regularly at our children's PTA events and scouting events. We also put on a good party now and again, like our 25th anniversary Halloween bash.
