

# LOVE Story

Edward ('64) was studying mathematics and playing baseball at UB when a teammate introduced him to Gail ('65). He was quite taken with her smile and personality. Their first date was a hospital visit to one of Edward's fraternity brothers, who had also been a classmate of Gail's at Harding High School in Bridgeport. A couple of cheeseburgers later they began seeing one another on a regular basis and eventually became pinned and engaged. Gail tells people that she fell for Edward because he was the baseball captain, but there was obviously a little more to their attraction, because they will celebrate their 59th wedding anniversary in July 2024. They share a love of family and their happiest days were the births of their three children. Like good wine, Edward and Gail's love gets better every day.
