

UNIVERSITY OF BRIDGEPORT

# LOVE Story

Gale was living in Chaffee Hall when she met the only male allowed in the girls dorm after curfew. Jeffrey Spitalnik was the “sandwich man,” making sandwiches and selling them along with milk and juice throughout the dormitories in the evenings. She was in Phi Delta Rho and he was in Sigma Lambda Chi, and they both chaired the Social Activities Committee. She also acted in Campus Thunder productions and he came to every rehearsal to watch her. They organized the Spring Ball together, and he asked her to marry him there. This incredible University of Bridgeport love story lasted for 47 years, and beyond.
