

University of Bridgeport's Campus Security Department

***We are located at Norseman Hall on the corner of Linden Ave and Myrtle Ave.
Our dedicated team operates 24 hours a day, 7 days a week, to provide a safe and
secure environment for everyone on University of Bridgeport's campus.***

Our department

Our department consists of over 30 highly trained security officers who are contracted through Securitas Security Services USA.

University of Bridgeport's Campus Security department operates autonomously and independently, although it collaborates closely with the City of Bridgeport Police department. The Campus Security office maintains a preventative patrol with uniformed officers on foot, bicycles, and in vehicles marked with the Campus Security logo. We diligently keep records of specific criminal incidents reported to Campus Security authorities, adhering to the Student Right-To-Know and Campus Security Act of 1990, as well as the Higher Education Amendment Act of 1992. These statistics, covering the previous three calendar years, are published annually in October and are accessible to anyone.

Our services

While the prevention of criminal activity is our core concern, our department provides additional services including:

- We coordinate emergency medical transportation through cab service vouchers, ensuring quick access to local emergency rooms when needed.
- Our security supervisors are trained in various life-saving techniques, including CPR, First Aid, NARCAN administration, and the operation of AEDs (Automated External Defibrillators).
- To further enhance safety for our students, faculty, and staff, we provide a range of services, including:
 - **ID Cards:** We issue ID cards to ensure proper identification on campus.
 - **LiveSafe Monitoring:** We offer vigilant monitoring of the LiveSafe app for added security.
 - **Walking Escorts:** For additional safety, we offer walking escorts on campus, ensuring a secure environment for all UB members.
